## B. How do I use a Pay & Display meter?

Just Pay, Print, & Display!

1. Note the hourly and daily max rates posted on each meter. Decide how long you wish to stay and which payment method you will use:

### ➤ Credit Card (Visa, MasterCard, American Express)

- Insert card and remove quickly.
- Select a value button to add time in hourly increments or select the "Daily Max" button (where applicable) and the meter will calculate the time through the end of the day, but will not exceed the posted daily maximum.
- Once you reach the desired time, press the green button to print your receipt.
- **Take your receipt and display it face-up** on the dashboard of your car. Keep the tear off stub for your records.

*(No activity for 60 seconds and/or pressing the cancel button prior to printing your receipt will cancel the transaction and your credit card will not be charged.)*

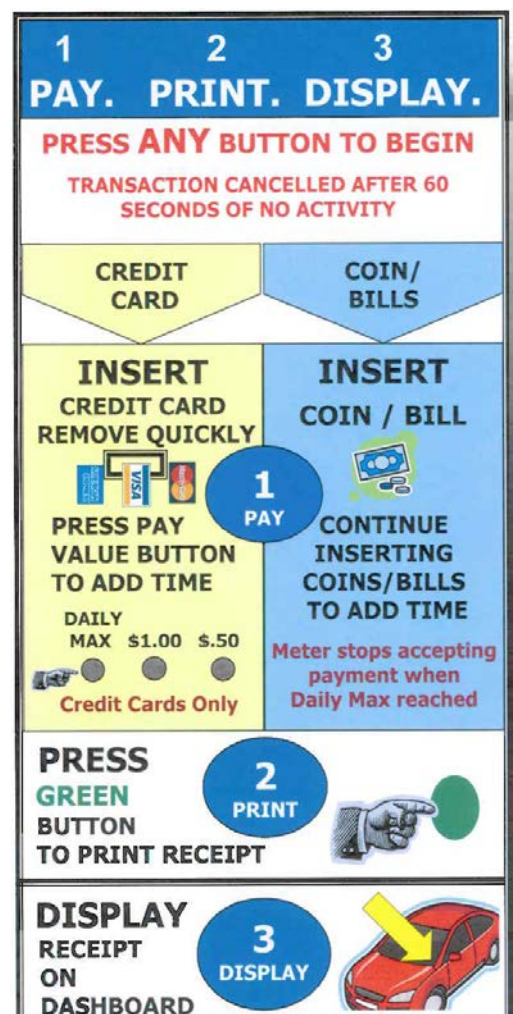

### ➤ Coin/Bills (\*\$10, \$5, \$1, Dollar Coin, Quarter, Dime, Nickel)

- Insert coins/bills until you reach the desired time. The meter will only accept payment up to the posted daily maximum.
- Once you reach the desired time, press the green button to print your receipt.
- **Take your receipt and display it face-up** on the dashboard of your car. Keep the tear off stub for your records.

**Coins:** *No activity for 60 seconds and/or pressing the cancel button prior to printing your receipt will cancel the transaction and your coins will be returned.*

**Bills:** *Bills will not be returned! If no activity for 60 seconds, a receipt will be issued for the amount of time displayed on the meter.*

*Pressing the cancel button will result in a "refund receipt". Follow instructions printed on this receipt to receive your refund.*
